■ Call for papers:

Research and discoveries in the field of science and technology have seen rapid progress and a prominent development in today's world. Research has turned to areas and titles that require understanding and knowledge of various scientific disciplines, which calls for opening a platform and discussion between researchers from various disciplines to exchange ideas, discuss the latest research, present problems, and propose possible solutions. For new issues, and meet others in related fields.

The 2nd National Conference on Applied Science and Advanced Materials (NCASAM 2023) is a real opportunity for scientific exchange between professors, researchers, and doctoral students in various scientific disciplines (physics, chemistry, mathematics, engineering, and computer sciences), which opened the way to discuss the basic problems related to the economic environment. This conference will be presented in the form of online plenary conference, oral and poster presentations. The NCASAM 2023 Conference will be a perfect platform to discuss new issues, tackle complex problems, and find advanced enabling solutions able to shape new trends in Sciences.

Topic areas for consideration include:

❖ Physics:

- Applied solid state physics
- Photonics and optics
- Laser spectroscopy and nuclear techniques

❖ Chemistry:

- Theoretical and computational chemistry
- Photochemistry, physical and organic chemistry

❖ Technology and Engineering:

- Renewable energy
- Electrical, mechanical and civil engineering

❖ Mathematics:

- Applied mathematics: modeling and analysis
- Numerical analysis and methods
- Machine and deep learning

❖ Computer Sciences:

- Machine and deep learning
- IoT, Networking and computer security
- Advanced information systems and databases

❖ Biological Sciences:

- Animal & Plant Physiology
- Applied Microbiology

■ Important Dates:

● Call for Papers	April 15, 2023
● Submission Deadline	June 30, 2023
● Notification of Acceptance	September 01, 2023
● Camera Ready and Video Recorder Submission	September 20, 2023
● NCASAM 2023 Conference	October 23-25, 2023

CERTIFICATE OF ATTENDANCE

IS AWARDED TO

Assas Taqiyeddine

CO-AUTHOR(S): Massaoud Bourezane , Madjda Chenafi

Civil Engeneering SESSION - PAPER # GC 20 TITLED :

**A five unknowns first order shear deformation finite element
model for plate bending**

FOR PARTICIPATION AS ORAL PRESENTATION IN

**2nd National Conference on Applied Science and
Advanced Materials, NCASAM-2023,
October 23-25, 2023 – ENSET–Skikda**

MANIFESTATION PRESIDENT

Dhani BOUBEKRI

PROGRAM COMMITTEE CHAIR ,

Dr. Salah RAHMOUNI

ENSET ASSISTANT DIRECTOR

OUMELAZ Dr. Fayçal
